- Lot #4 for a 4 bedroom dwelling at 450 gallons/day.**
- Lot #5 for a 4 bedroom dwelling at 450 gallons/day.**
- Lot #6 for a 4 bedroom dwelling at 450 gallons/day.**
- Lot #7 for a 4 bedroom dwelling at 450 gallons/day.**
- Lot #8 for a 3 bedroom dwelling at 450 gallons/day.**

This letter is an assurance that a sewage disposal system construction permits will be issued (provided there have been no substantial physical changes in the soil or site conditions where the system would be located); however, it is not a guarantee that a permit for a specific type of system will be issued. The design of the sewage systems will be determined at the time of application for a building permit and sewage system construction permits. The design will be based on the site and soil conditions certified by this letter, structure size and location, water well location (final determination to be made at time of permit issuance), the regulations in effect at the time, and any off-site impacts that may have occurred since the date of the issuance of this letter. In some cases, engineered plans may be required prior to issuance of the construction permits. In accordance with Section 32.1-1641.1:1 of the Code of Virginia, owners are advised to apply for a sewage disposal construction permit only when ready to begin construction.

This multiple-lot certification letter may be subject to and must comply with any applicable local ordinances.

Sincerely,

Brian H. Neal
